RE: Referendum Questions

Maine voters will be asked next Tuesday to approve the "Power Authority of Maine". Periodically someone has the great idea that public ownership of utilities will result in more efficient, less costly service. To our mind, "it just ain't so".

While at times we have had no great fondness for the utility monopolies, it has been found that on the whole they are more efficient and less costly than many State agencies. No matter how PAM proposals may postulate, they would be, in our opinion, another agency of the State: seven members appointed by the Governor, approved by the Executive Council.

Of course, to sweeten the pot, some brilliant legislator put in the Act that PAM would pay 1/20 of a cent per kWh sold, to the state's general fund, of which 75% would be used to support schools. All the time we thought they were trying to generate cheaper electricity, and all the while they wanted to support education. PAM may have its good points worthy of support, but not from here.

The lottery proposal has some of the same faults as PAM. One of which is the setting up of a quasi-agency of five members. The board decides what type of lottery will be held. One provision evidently approved by the legislature in one of its more piliated moments, exempts from Maine State Income Tax any prize received from the lottery. Wonder why that is, it would be income wouldn't it? It is our opinion that the state's voters would be buying a "pig in a poke" without even the saving grace of a "hot horse" if this were approved.

The question of land acquisition for State Parks might be a little touchy. But we think the voters should take a hard look at this, because already the outstanding bonds of the State amount to more than \$2.50 per capita.

The proposed constitutional amendment to regulate municipal borrowing by the legislature, while probably desirable in some people's thinking, won't get our "yes" vote. Currently towns can borrow up to 1% of the last locally assessed

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The deer hunting season opens in this area, Nov. 5. There have been erroneous dates in some newspapers that have caused confusion.

We were pleased with the interest shown at the open house at the sewage plant. There was a good turnout of townspeople plus some from out of town. The Chamber of Commerce is going to have a representative from the engineering firm speak before their group in November. Now the plant is in operation we are getting more inquiries as to what the end result is.

The Highway Dept is stockpiling winter sand this week. We are hauling sand from West Bethel this year as our regular source on the North-west Bethel Road was denied us because of shortage of material. We are investigating the possibility of purchasing a parcel of land that has sand and gravel on it as it is becoming so difficult to find people who want to sell to us when they can realize more by disposing of it themselves.

valuation. It is already a fact that there is less and less local governmental units can do without looking to Aug. 31 for guidelines, which probably they haven't got around to developing yet.

The second proposed amendment deals with the Legislature and the veto power of the Governor. According to our interpretation the effect of this would be that only the legislature that enacted the legislation that a Governor vetoes could override the veto. We believe that this is only common sense, and would prevent a recurrence of a situation that happened in the early days of the 16th legislature when attempts were made to override a veto of legislation enacted by the 10th.

TELSTAR RIDES CREST TO 33-8 WIN OVER LIVERMORE FALLS

—To Seek 18th Win in Row at Mexico Friday Night, 7:30

Doug Brooks scored four touchdowns to spearhead the host Telstar Rebels to a 33-8 victory over Livermore Falls in their Mountain Valley Conference football game last Saturday afternoon.

It was the eighth straight triumph for the unbeaten Rebels and extended their two year win streak to 17. The luckless Andies were tagged with their seventh setback in eight outings.

Telstar scored three touchdowns in the first quarter, two in the second, one in the third and none in the final stanza. Livermore Falls garnered its points in the final period.

Telstar was on the move with the opening kick-off with a 32-yard return by Wayne Cummings setting the drive in motion. Brooks capped the march by hitting over from 13-yards out. Gary Wight placekicked the extra point.

Cummings put the Rebels on the scoreboard again in the next series when he recovered a blocked punt in the end zone for six points. The kick for the extra point was wide of the mark.

A short punt late in the opening period gave Telstar good field position and it cashed in quickly with Brooks eliminating a 32-yard march by talking from the 10. The kick failed and the period closed with the Rebels on top 19-0.

Another short punt gave Telstar another scoring opportunity early in the second quarter and moved for the score which came on Brooks' nine yard jaunt. The extra point try was again wide of the target.

Before the first half closed the Rebels struck paydirt again — this time on a 49-yard sortie by Brooks. Wight upped the count to 32-0 with his conversion.

Telstar's only points in the second half came on a 60 yard scamper by Peter Blake. The conversion try was blocked.

Telstar reserves saw extended service for the remainder of the contest.

Livermore Falls averted a shut-out as Rick Shaffer galloped 81 yards for a counter in the final seconds.

While living in Massachusetts Mr. Dennis received his painting instruction from Edward McKenney, Donald Mosher and Tony Estrella.

Sen. A. Bill Kennedy to Dennis County pass was good for the two point conversion.

Brooks was the big game for the victors picking up 109 yards in eight carries.

Randy Olson, Tim Rosenberg and Frank Howard were defensive standouts for the Rebels.

Dave Lovewell was a standout in the Andies' defensive unit.

Telstar will journey to Mexico for a 7:30 game Friday night in search of a second undefeated season in succession, 10 straight wins, and undefeated rights to first place in the Mountain Valley Conference.

UNITED METHODISTS AGAINST A STATE LOTTERY

Social Principles of the United Methodist Church state: "Community standards and personal life styles should be such as would make unnecessary and undesirable the resort to commercial gambling, including public lotteries, as a recreation, as an escape, or as a means of producing public revenue of funds for support of charities or government."

Maine Annual Conference of the United Methodist Church in session 21-24, 1973, noted "with dismay the increasing reliance of New England State governments upon lottery income as a source of government revenue, especially to support public education."

This ad is sponsored by the Administrative Board of the Bethel United Methodist Church, who urges you to defeat the State Lottery proposal on November 6th.

Letters to the Editor

To the Editor:

Re: "That 'An Act Providing for a State Lottery' became law?" referendum question No. 1 to be voted on Tuesday, Nov. 6.

In a news conference Sept. 24, Gov. Curtis questioned the value of a state lottery and said "people might not over estimate what a lottery would do for them."

The promise of tax relief and funds for education are little more than a lure. After prizes and administration costs, the return to the state will be relatively small. According to my information, in 5 years the New Hampshire lottery has made some 13 million dollars for the state, not enough to build a fair sized high school.

Several out-of-state interests are attempting to win the contract to operate the lottery, not because they are interested in Maine or education, but because there is money to be made for themselves and a few others. Most people who buy tickets are destined to lose because that's part of the plan.

A lottery will not create economic growth or public services. It will not return for value for value received. I will encourage the "Common Sense" philosophy and the rejection of financial gain for a lot of the expense of many.

It never is worth noting that the lottery is a waste of time and money. Lawrence Bagley, legislative representative for the Maine Office of Religious Cooperation, reported "I talked with a knowledgeable legislative employee over the phone and was told 'I do not even put what I do know there was a deal'." (A trade off in votes). I take this to be indicative of the moral and social corruption which is often felt and is led by organized gambling.

In conclusion, I believe a state lottery will do little more than help to undermine moral law, economic law, business integrity and the interests and practice of good government. Therefore I urge all citizens to vote "No" to referendum question No. 1 on Nov. 6.

Sincerely,
Thomas L. Foster

TELSTAR J.V.s FINISH SLATE WITH PERFECT 2-0 MARK

Telstar's football J.V.s finished their 1973 season with a 2-0 victory over Livermore in a Monday afternoon game. The young Rebels with an 8-0 record finished the season in first place in the MVC J.V. standings.

Monday's action saw an outstanding defense and offense coupled together for probably the best overall game for the J.V.s. In the first quarter following a 48 yard punt return by Ricky Mills, halfback Mike Dunn went off tackle on a nine yard scamper for the touchdown. Duffy Ellsworth split the uprights for the extra point and a 7-0 lead which stood up throughout the tightly contested first half.

In the third period on a drive that took four plays and covered 53 yards, quarterback Ellsworth hit halfback Chris Olson on a 20 yard touchdown pass and a 17-0 lead.

The fourth quarter score came as a result of a Bruce Swan interception of a screen pass at the 23 yard line at which point Swan ran into the end zone for the score. Chris Olson kicked the extra point for the final 20-0 score.

The defensive unit led by Swan, Mike Wright, Brad Wright, Scott Holt and Peter Bean played an outstanding game and made the big play on every occasion. The offensive line led by Jack Taylor, David Webster and Jeff West continually opened holes for big gains by the fine running backs. The Rebel attack, which pined in 225 total yards, was led by Ricky Mills who totaled 140 yards on 24 carries, and Duffy Ellsworth's punting for 55 yards.

ALBANY HUNT'S CORNER AND VICINITY
— Harlan Bumpus, Correspondent —

Mrs. Nona Kingman's callers for the week were the Rev. and Mrs. B. F. Wentworth of Mechanic Falls; Harlan Bumpus; Mrs. Esther Rugg; April and Carla; Nettie Dimock; Carolyn Smith, Lloyd MacGray, and David Dean; and Mabel Bell and granddaughter, all of Norway.

Nona had a frightening experience with a coydog a couple of weeks ago in her driveway. The animal appeared behind her crouching on its belly and snarling. If she faced it he would back up, but if she turned her back, he would sneak along behind her. Fortunately she made it safely to her door but was unable to call anyone to come and shoot it as her telephone was out of order and she has no car. The animal stayed around several days until a truck's backfire sent it at top speed for the woods. Someone who knows about coydogs has told her since that if she had stumbled and fallen, the animal would have attacked because it must have been starving to have acted so. She would like to warn all the neighborhood children to be extra careful and watchful whenever they are outside.

Mr. and Mrs. Linwood Andrews and Lyn of Auburn spent Friday with his mother, Mrs. Sarah Andrews.

Mrs. Annie Nutting of Bethel spent Sunday with the Dick Bennett's.

Mr. and Mrs. Albert McAllister and grandson, Rodney White, visited her mother, Mrs. Ella Ring, Lovell, Sunday.

Mr. and Mrs. Gene Maillet of Connecticut are enjoying a week's vacation at their new home here.

Callers of Mrs. Sarah Andrews have been Mrs. Diane Leighton; the Rev. and Mrs. B. F. Wentworth

KINDERGARTEN CLASSES VISIT DENTIST MONDAY

The two kindergarten classes from the Ethel Bisbee School went on a field trip to Dr. John Trinward's dentist office on Monday. They walked to the dentist with the teacher, Mrs. Phyllis Cross; teacher-aide, Mrs. Nancy Cummings; and student teacher, Mrs. Judith Coolidge.

Mrs. Jane Barth greeted the children at the door and then they went to the waiting room. Mrs. Barth talked to them about different kinds of teeth and their uses. She mentioned good foods to eat and to brush their teeth after eating. Brush their top teeth down and the bottom teeth up, just the way they grow.

She told them about the people that help Dr. Trinward.

Mrs. Hazel Newell and Mrs. Barth gave the children a tour of the complete office complex.

They were surprised to find Mr. "T", who has tall teeth, sitting in the dentist chair. Mr. "T" is one, Huggable Letter Person used in the "Alpha Time" program. "Alpha Time" is a program which is in keeping with the ways by which young children learn: by active participation, visual delight and fantasy.
